

Secure Payments is pleased to announce major enhancements to the **EZPAY Advantage** program!

Secure Payment Systems is pleased to announce major enhancements to the EZPAY Advantage program. **EZPAY Advantage 2.0** has been completely redesigned to make it quick to implement, simple to use, and **drive more residual income!**

For the merchant and consumer, **EZPAY Advantage 2.0** is easier, faster, and best of all, **does not require the consumer to have a paper check available...** and the phone call to our authorization center is eliminated.

PROGRAM ENHANCEMENTS

- **Paper Checks are Eliminated** - Because all payments are based on bank issued debit cards (Visa/MC "Check Cards") that are already in everyone's wallets, every customer represents a sales opportunity!
- **Check Imaging is Eliminated** - Because there are no paper checks!
- **Voice Authorization Calls are Eliminated** - Because all transactions are based on real-time, INSTANT online decisions!
- **POS Terminal Equipment and Scanners are Eliminated** - EZPAY Advantage 2.0 is a convenient Web-based solution accessible on any Web enabled device such as a mobile phone, tablet, or PC.
- **Enhanced Customer Experience** - The on-line application can be completed in-store or even by the customer at home to determine their purchasing power!
- **Paperwork Eliminated** - The on-line consumer application is simple and quick... eliminating the current paper security agreement.
